Dear Sir/Madam:

Please find attached a copy of the above referenced forms. These are new forms and are not intended to replace any form previously approved by your Department. These forms have been submitted in final printed form in which they will be distributed to Insureds. These forms are subject to only minor modifications in paper size and stock, ink, border, Company logo, Company address, adaptation to computer printing, and Officers' signatures. These forms are also being filed on our sister companies of Transamerica Life Insurance Company and Western Reserve Life Assurance Co. of Ohio.

Flexible Premium Adjustable Life Insurance Policy with an Index Feature - The Insurance Benefit is paid at death. This policy contains a built-in Index Feature that allows the Owner to elect on the application what portion of the net premiums goes into either the Basic Interest Account or one or more Index Accounts, as elected by the Insured. One Index Account, the Global Index Account, is included in this filing. We may add additional Index accounts in the future. Interest to the Basic Interest Account Segments is credited at rates declared by the Company, but will not be less than the Basic Interest Account Guaranteed Minimum Interest Rate shown on the Policy Specifications Page. Excess Index Interest may be credited on premiums allocated to an Index Account based on the annual growth, if any, in Standard & Poor's 500 Composite Stock Price Index, Dow Jones Euro Stoxx 50 Price Index and Hang Seng Index, excluding dividend income. The annual growth in the Index Account(s) will be limited to a Cap, which is declared by the Company on an annual basis for each segment. Premiums are flexible and are payable while the policy remains in force. Coverage lasts until the Insured's death.

This form is based on the 2001 CSO Mortality Table.

We intend to use application L 114 0107 AR with this policy, which was approved by your Department on March 14, 2007.

Supplemental Life Application - Application form SAIUL1208S is a supplemental life application for use with this base policy.

We will market these forms to the general public. An actuarial demonstration and supporting documentation are attached for your reference. The policy form will be illustrated.

We would appreciate your review and approval of these forms.

Sincerely,

STONEBRIDGE LIFE INSURANCE COMPANY

AGE - A person's age on his or her last birthday, unless otherwise specified.

BASIC INTEREST ACCOUNT - An Account Option for which the interest will be based on rates declared by the Company. The Basic Interest Account is comprised of Basic Interest Account Segments. Should the publication of an Index ever change in frequency or be discontinued, we will replace it with another appropriate widely published index, subject to any necessary prior regulatory approvals. We will notify You of any such changes.

INDEX ACCOUNT - An Account Option for which any interest in excess of the minimum guaranteed rate will be based in part on changes in the values of published Indexes. Each Index Account is comprised of Index Account Segments. The value of each Index Account is the sum of the values of those Segments, plus any amounts pending application to a Segment of that Index Account. The Global Index Account is an Index Account. A list of all of the Index Accounts in this Policy on the Policy Date appears in the Policy Specifications Pages. We may make other Index Accounts available in the future.

INDEX CHANGE - The percentage change in the applicable Index Values from an Index Account Segment's Beginning Date to its Ending Date. The Index Change will be used to determine the Excess Interest, if any. The Index Change may be determined differently for different Index Accounts.

LIFE INSURANCE COMPLIANCE TEST: [Guideline Premium Test]

Premiums are payable while the Policy is In Force. It is possible that coverage will expire where either no premiums are paid following payment of the Initial Premium or subsequent premiums are insufficient to continue coverage. Changes in the interest credited to Your Policy or changes in the Policy Charges, Per Unit Charge, or monthly cost of insurance would also affect Your coverage.

THE TAX STATUS OF THIS POLICY MAY CHANGE. WE URGE YOU TO CONSULT YOUR PERSONAL TAX ADVISOR EACH YEAR REGARDING MATTERS OF POSSIBLE TAXATION.

GENERAL PROVISIONS

THE CONTRACT - This Policy is issued in consideration of the application and the payment of the Initial Premium shown in the Policy Specifications Pages.

This Policy, any endorsement(s) or rider(s), and the copy of the application (including any amendments and questionnaires) attached to it contain the entire contract between You and us. Any statements made in the application (or any amendments and questionnaires) either by You or by the Insured will, in the absence of fraud, be considered representations and not warranties. Also, any written statement made either by You or by the Insured will not be used to void Your Policy nor to defend against a claim under Your Policy unless the statement is contained in the application, in an application for Reinstatement or for an increase in the Specified Amount, or in any amendments or questionnaires attached to Your Policy.

No change or waiver of any of the provisions of this Policy will be valid unless made in writing by us and signed by an officer of the Company. No agent or other person has the authority to change or waive any provision of this Policy.

Any extra benefit rider attached to this Policy will become a part of this Policy and will be subject to all the terms and conditions of this Policy unless we state otherwise in the rider.

SUICIDE - If the Insured, whether sane or insane, dies by suicide within two (2) years from the Policy Date, our liability will be limited to an amount equal to the premiums paid for this Policy, less any Indebtedness and any partial withdrawals from this Policy.

If the Insured, whether sane or insane, dies by suicide within two (2) years from the effective date of any increase in the Specified Amount, our liability for the amount of increase will be limited to the Monthly Deductions for the increase.

INCONTESTABILITY - We cannot contest this Policy, except for fraud or non-payment of premium, after it has been In Force during the lifetime of the Insured for two (2) years after the later of (1) the Policy Date and (2) the date of any Reinstatement. We may also contest this Policy for two (2) years following the effective date of any increase in the Specified Amount, but only for the amount of the increase.

ASSIGNMENT - You may assign this Policy. The assignment must be in writing and filed at our Administrative Office. We assume no responsibility for the validity or effect of any assignment of this Policy or of any interest in it. Any proceeds which become payable to an assignee will be payable in a single sum and will be subject to proof of the assignee's interest and the extent of the assignment.

MISSTATEMENT OF AGE OR SEX - If the Age and/or sex of the Insured has been misstated, the Death Benefit will be adjusted to that which would have been purchased by the most recent Monthly Deduction at the correct Age and/or sex.

BENEFICIARY - When the Net Death Benefit is payable, we will pay it to the Beneficiary(ies) named by You in accordance with this Policy. If a primary or contingent Beneficiary dies before the Insured, that Beneficiary's interest in this Policy ends with that Beneficiary's death. Only those Beneficiaries who survive the Insured will be eligible to share in the Net Death Benefit. If no Beneficiary survives the Insured, we will pay the Net Death Benefit of this Policy to You, if living, otherwise to Your estate as Beneficiary.

CHANGE OF OWNER OR BENEFICIARY - You may change the Owner or a Beneficiary by filing a request with us. If You have designated a Beneficiary irrevocably, the consent of the irrevocable Beneficiary will be required to change Your designation. A request will not be effective until we record it at our Administrative Office. After it has been so recorded, it will take effect as of the date You signed the request. However, if the Insured dies before the request has been so recorded, the request will not be effective as to those proceeds we have paid before Your request was recorded.

NON-PARTICIPATING - This Policy will not share in our surplus.

ILLUSTRATIONS - Upon request at any time, we will send You an illustration of Your Policy's benefits and values. There will be no charge for the first such illustration in a Policy Year. We reserve the right to charge a fee of \$25.00 or less for any illustration after the first in a Policy Year.

PREMIUMS - The Initial Premium is shown in the Policy Specifications Pages and is due on the Policy Date. All premiums are payable to us in advance and must be mailed to our Administrative Office or to an agent authorized by us to collect premiums. A premium receipt signed by a Company officer will be provided upon request.

PLANNED PREMIUM - The amount and frequency of the Planned Premiums are shown in the Policy Specifications Pages. However, premium payments are flexible and You may change the amount and frequency of payments. Some changes, including interruption of Planned Premium payments or reduction in the amount of Planned Premium payments, may cause Your Policy to enter the Grace Period and subsequently Lapse.

UNSCHEDULED PREMIUMS - Additional premiums may be paid at any time, provided that this Policy is In Force. We reserve the right to limit the amount of premiums that may be paid on this Policy if we determine that:

1. Such amount may exceed the amount allowable if this Policy is to continue to qualify as a life insurance contract under section 7702 of the Internal Revenue Code; or
2. Payment of a greater amount would increase the Death Benefit by more than the amount of the premium being paid (unless we are provided evidence of insurability satisfactory to us); or
3. The premium paid in any twelve-month (12) period exceeds the annual Planned Premium plus \$25,000.00.

The minimum amount of any premium that will be accepted is \$25.00.

NET PREMIUMS - A Net Premium is any premium received minus the Premium Expense Charge. The initial Premium Expense Charge applicable to this Policy is shown in the Policy Specifications Pages. We may increase or decrease the Premium Expense Charge, but we will never charge more than the Guaranteed Maximum Premium Expense Charge. Any change in the Premium Expense Charge will be applied uniformly to all members of the same Rate Class.

ALLOCATION OF PREMIUM PAYMENT - A Net Premium will be allocated to the Basic Interest Account and/or the Index Account(s) on the day the premium is received at our Administrative Office. We will allocate Net Premiums to the Account Options specified by You. Allocations of Net Premium must total 100% and no fractional percentages will be permitted. Prior to the end of any Policy Month, You may elect to change the allocation of Net Premiums for the following Policy Months. Your request for change must be received in our Administrative Office prior to the first day of the Policy Month for which the change is to become effective. Changes may not be made more than once per Policy Month.

Net Premium allocations are only applied to Account Option Segments on Monthly Dates. Allocations of Net Premiums received on other dates will be credited with interest at the applicable rates until that time. For the Basic Interest Account, the applicable rate is the Current Interest Rate. For the Index Accounts, it is the Index Account Guaranteed Minimum Interest Rate.

TERMINATION - Upon termination of this Policy according to its terms, all benefits under it will cease. This Policy will terminate on the earliest of the following:

1. The date of the Insured's death, subject to any right to receive payment of any Net Death Benefit;
2. The date this Policy Lapses; or
3. The date this Policy is surrendered, subject to any right to receive payment of any Policy proceeds.

NOTICES - All notices, selections, requests, and elections for the exercise of any right under this Policy must be in a form satisfactory to us. We may require any such notice, selection, request, or election to be in writing and signed by You.

GRACE PERIOD - Failure to pay sufficient premiums may cause this Policy to Lapse. If at any time you have not paid sufficient premiums, this Policy will enter a sixty-one (61) day Grace Period. We will send a notice to Your address as shown on our records at least thirty (30) days prior to the end of the Grace Period. If sufficient premiums are not paid by the end of the Grace Period, this Policy will Lapse. If the Insured dies during the Grace

Period, we will pay the Net Death Benefit.

NO-LAPSE GUARANTEE - This Policy will enter the Grace Period if the Cash Surrender Value on any Monthly Date is not sufficient to pay the Monthly Deduction then due. However, prior to the No Lapse Ending Date shown in the Policy Specifications Pages, this Policy will not enter the Grace Period if the sum of the premiums that have been paid, less any Indebtedness and partial withdrawals, is greater than or equal to the sum of all Minimum Monthly No Lapse Premiums due on or before that Monthly Date.

NEGATIVE POLICY VALUES - As a result of Monthly Deductions, the Policy Value may become negative during a Grace Period or prior to the No Lapse Ending Date. If the Insured dies during the Grace Period while the Policy Value is negative, we will subtract from the Net Death Benefit the amount necessary to make the Policy Value zero (0). No interest will be credited while the Policy Value is negative. Any negative values must be repaid by the Owner on the No Lapse Ending Date or this Policy will enter the Grace Period and may Lapse.

CHANGES TO THE MINIMUM MONTHLY NO LAPSE PREMIUM - The Minimum Monthly No Lapse Premiums in effect on the Policy Date are shown in the Policy Specifications Pages. The Minimum Monthly No Lapse Premium will increase for each Policy Month following the date of an increase in the Specified Amount, or when an extra benefit rider is added or increased. It will decrease for each Policy Month following the date of a decrease in the Specified Amount or when an extra benefit rider is decreased or discontinued. We will notify You of the new Minimum Monthly No Lapse Premium. The No Lapse Ending Date will not be extended for any change to this Policy.

REINSTATEMENT - If this Policy Lapses, You may Reinstate it during the lifetime of the Insured. Any Reinstatement must be made within five (5) years from the Lapse date. We will require:

1. Your request to Reinstate this Policy,
2. The Insured's consent to Reinstatement,
3. Evidence of insurability satisfactory to us, and
4. Payment of the following:
 - (a) Prior to the No Lapse Ending Date, the lesser of: (i) the total Minimum Monthly No Lapse Premium from issue through the Policy Month of Lapse; plus two (2) Policy Months of Minimum Monthly No Lapse Premium; minus any premiums already paid net of any partial withdrawals and Indebtedness; or (ii) an amount sufficient to provide a Net Premium equal to one (1) Monthly Deduction due at the time of termination; plus two (2) Monthly Deductions due in advance at the time of Reinstatement; plus an amount sufficient to increase the Policy Value above the surrender charge.
 - (b) After the No Lapse Ending Date: an amount sufficient to provide a Net Premium equal to one (1) Monthly Deduction due at the time of termination; plus two (2) Monthly Deductions due in advance at the time of Reinstatement; plus an amount sufficient to increase the Policy Value above the surrender charge.

The date of Reinstatement will be the Monthly Date on or following the date the application for Reinstatement is approved by us, so long as the Insured is still living. If all the conditions for Reinstatement are satisfied, this Policy will be placed In Force again on the following basis:

1. Any unloaned Policy Value on the date of Lapse will be Reinstated.
2. The surrender charge applicable at Reinstatement will be equal to what it was at Lapse, and the surrender charge period will be extended by the length of time between Lapse and Reinstatement.
3. The cost of insurance rates will be based on the Age at Reinstatement.
4. Any Indebtedness as of the date of termination will not be Reinstated.
5. Amounts paid at the time of Reinstatement will be applied as new premiums in accordance with Your most recent premium allocation instructions.
6. The No Lapse Ending Date will be extended by the length of time between Lapse and Reinstatement.
7. Riders may be Reinstated subject to underwriting.

PARTIAL WITHDRAWALS - Cash withdrawals may be made from this Policy during the lifetime of the Insured. We must receive a withdrawal request at our Administrative Office. The Policy Value will be reduced by the

withdrawal amount and a \$25.00 fee will also be deducted. The minimum withdrawal amount is \$500.00. There is no surrender charge for a partial withdrawal. If a requested withdrawal would result in the reduction of the Cash Surrender Value to less than \$500.00, the requested transaction will be considered a surrender and the Cash Surrender Value provision will apply.

You may specify in Your request the Account Options from which the withdrawal should be made. If no Account Option is specified, the withdrawal amount and the fee will be withdrawn on a pro-rata basis according to the portion of the unloaned Policy Value in each Account Option. Under each Account Option, the withdrawal amount and fee will be withdrawn from the highest numbered Segment first, and then from the next highest numbered Segment(s).

If the Death Benefit Option as shown in the Policy Specifications Pages is Level, then the Specified Amount will be reduced by the amount of the withdrawal requested. However, no withdrawal will be allowed if the resulting Specified Amount would be less than the Minimum Specified Amount as shown in the Policy Specifications Pages.

Reductions in the Specified Amount due to any partial withdrawals will be in following order:

1. To the most recent increase in the Specified Amount.
2. To the next most recent increase and each preceding increase in the Specified Amount.
3. To the Initial Specified Amount or the current Specified Amount, if less.

We reserve the right to defer a withdrawal for the period allowed by law, but not more than six (6) months.

ANNUAL REPORT - This is a statement of the Policy's activities during the Policy Year. We will send You a report at least once a year, or as requested.

DEATH BENEFIT

NET DEATH BENEFIT - We will pay the Net Death Benefit, subject to the terms of this Policy, when the Insured dies while this Policy is In Force. We determine the amount of the Net Death Benefit as of the date of the Insured's death. The Net Death Benefit equals the Death Benefit less any Indebtedness. If the Insured dies during the Grace Period while the Policy Value is negative, we will subtract from the Net Death Benefit the amount necessary to make the Policy Value zero (0). We will pay the Net Death Benefit promptly after we receive due proof at our Administrative Office of the Insured's death. See the Payment of Proceeds provision for payment options.

DEATH BENEFIT OPTIONS - The amount of the Death Benefit is determined by which Death Benefit Option is in effect. The Policy Specifications Pages show which Death Benefit Option (Level or Increasing) is in effect as of the Policy Date.

The Level Death Benefit is the greatest of:

1. The Specified Amount; or
2. The Death Benefit determined by the method described below that corresponds to the Life Insurance Compliance Test shown in the Policy Specifications Pages:
 - (a) Guideline Premium Test: The appropriate Death Benefit Ratio, as shown in the Policy Specifications Pages, multiplied by the Policy Value; or
 - (b) Cash Value Accumulation Test: The appropriate Death Benefit Ratio, as shown in the Policy Specifications Pages, multiplied by the difference between the Policy Value and any applicable Net Single Premiums for Riders (which are Qualified Additional Benefits), as shown in the Policy Specifications Pages; or
3. The minimum amount required for this Policy to qualify as a life insurance contract under Section 7702 of the Internal Revenue Code.

The Increasing Death Benefit is the greatest of:

1. The Specified Amount plus the Policy Value; or

2. The Death Benefit determined by the method described below that corresponds to the Life Insurance Compliance Test shown in the Policy Specifications Pages:
 - (a) Guideline Premium Test: The appropriate Death Benefit Ratio, as shown in the Policy Specifications Pages, multiplied by the Policy Value; or
 - (b) Cash Value Accumulation Test: The appropriate Death Benefit Ratio, as shown in the Policy Specifications Pages, multiplied by the difference between the Policy Value and any applicable Net Single Premiums for Riders (which are Qualified Additional Benefits), as shown in the Policy Specifications Pages; or
3. The minimum amount required for this Policy to qualify as a life insurance contract under Section 7702 of the Internal Revenue Code.

CHANGE OF DEATH BENEFIT OPTION - After the third Policy Anniversary and before the Insured's Age 95, You may request a change of the Death Benefit Option. You may change the Death Benefit Option no more than once during a twelve-month (12) period. The change will go into effect on the Monthly Date on or following the date we approve the request. If You change from LEVEL to INCREASING, the Specified Amount will be decreased by the Policy Value as of the date of the change. However, no change will be allowed if the resulting Specified Amount would be less than the Minimum Specified Amount shown in the Policy Specifications Pages. If You change from INCREASING to LEVEL, the Specified Amount will be increased by the amount of the Policy Value as of the date of the change.

SPECIFIED AMOUNT - The Initial Specified Amount for this Policy is shown in the Policy Specifications Pages. You may increase or decrease the Specified Amount as set forth below by sending a request to our Administrative Office. However, You may change the Specified Amount only once during a twelve-month (12) period. Any change in the Specified Amount will take effect on the first Monthly Date following our approval of Your request. If You request a change in the Specified Amount and if the change is approved by us, we will notify You when the change has been made.

INCREASE IN THE SPECIFIED AMOUNT - You may request an increase of the Specified Amount after the first Policy Anniversary and prior to the Insured's Age 86. A new application will be required. The minimum increase is \$10,000.00. Any increase will be subject to our underwriting requirements as well as to this Policy's provisions regarding suicide and incontestability.

DECREASE IN THE SPECIFIED AMOUNT - You may request a decrease of the Specified Amount after the third Policy Anniversary. The decrease will be applied against the most recent increase in Specified Amount. It will then be applied to other increases in the reverse order in which they occurred. No decrease of the Specified Amount below the Minimum Specified Amount will be allowed. We may limit decreases to no more than 20% of the Specified Amount prior to the decrease.

INTEREST FROM DATE OF DEATH - If the proceeds under this Policy are not paid within 30 days after we receive proof of the death of the Insured, we will pay interest on the proceeds from the date we receive proof of death to the date of payment. Interest will be paid at a rate of 8% per annum on the proceeds.

POLICY VALUES

POLICY VALUE - The Policy Value is the sum of the Basic Interest Account value and the Index Account value(s), plus the amount of the Loan Reserve, if any. On the Policy Date, each Account Option's value is equal to the portion of the Net Premium allocated to that Account Option minus the portion of the first Monthly Deduction removed from that Account Option. Thereafter, each Account Option's value will be determined as follows:

The Basic Interest Account's value is equal to the sum of the values of the Basic Interest Account Segments, plus any amounts pending application to one of those Segments.

Net Premiums and loan repayments allocated to the Basic Interest Account after a Monthly Date are credited with interest at the applicable Current Interest Rate until the next Monthly Date. At that time, they are placed in a Basic Interest Account Segment corresponding to that Monthly Date, along with any Transfers made to the Basic Interest Account. Each Basic Interest Account Segment may have a different Current Interest Rate and will have its interest calculated separately from other Basic Interest Account Segments. The Current Interest Rate is

declared by the Company at its discretion and is not based on any Index. The Current Interest Rate will never be less than the Basic Interest Account Guaranteed Minimum Interest Rate shown in the Policy Specifications Pages.

We calculate the value of each Basic Interest Account Segment as follows as of each Monthly Date:

1. The value, if any, of the Segment as of the preceding Monthly Date; plus
2. Any portion of a Net Premium or loan repayment that was received since the preceding Monthly Date and is being applied to the Segment as of the current Monthly Date, together with any interest earned thereon; plus
3. Any Transfers being made to that Basic Interest Account Segment as of the current Monthly Date; plus
4. Interest earned on the Segment since the preceding Monthly Date at the Current Interest Rate; minus
5. Any Transfers from the Segment occurring as of the current Monthly Date; minus
6. Any portion(s) of partial withdrawals or loans taken from the Segment since the preceding Monthly Date; minus
7. The portion of any Monthly Deduction taken from the Segment for the current Monthly Date.

An Index Account's value is equal to the sum of the values of the Index Account's Segments plus any amounts pending application to one of those Segments.

Net Premiums and loan repayments allocated to an Index Account after a Monthly Date are credited with interest at the Index Account Guaranteed Minimum Interest Rate shown in the Policy Specifications Pages until the next Monthly Date. At that time, they are placed in an Index Account Segment corresponding to that Monthly Date, along with any Transfers made to that Index Account.

We calculate the value of each Index Account Segment as follows as of each Monthly Date:

1. The value, if any, of the Segment as of the preceding Monthly Date; plus
2. Any portion of a Net Premium or loan repayment that was received since the preceding Monthly Date and is being applied to the Segment as of the current Monthly Date, together with any interest earned thereon; plus
3. Any Transfers being made to that Index Account Segment as of the current Monthly Date; plus
4. Interest earned on the Segment since the preceding Monthly Date at the Index Account Guaranteed Minimum Interest Rate; plus
5. Excess Index Interest, if any, credited to the Segment as of the Monthly Date if it is the Segment's Ending Date; minus
6. Any Transfers from the Segment occurring as of the current Monthly Date; minus
7. Any portion(s) of partial withdrawals or loans taken from the Segment since the preceding Monthly Date; minus
8. The portion of any Monthly Deduction taken from the Segment for the current Monthly Date.

ADDITIONAL INDEX ACCOUNTS - The Index Accounts available as of the Policy Date are shown in the Policy Specifications Pages. We may make additional Index Accounts available to You under this Policy and will notify you if that occurs.

MONTHLY DEDUCTION - As of the Policy Date and each Monthly Date thereafter, a Monthly Deduction will be deducted from the Policy Value. The Monthly Deduction will be taken on a pro-rata basis from the Basic Interest Account and the Index Account(s). Within each Account Option, the pro-rata portion of the Monthly Deduction will be deducted from the highest numbered Segment first, and then from the next highest numbered Segment(s) to the extent of their respective values. Each Monthly Deduction consists of:

1. The Monthly Cost of Insurance; plus
2. The Policy Charge; plus
3. Any charge for additional benefits provided by any riders (as shown in the Policy Specifications Pages); plus
4. Any charges for a substandard Rate Class rating; plus
5. The number of this Policy's Units multiplied by the applicable Per Unit Charge.

MONTHLY COST OF INSURANCE - The Monthly Cost of Insurance as of each Monthly Date is determined as follows:

1. Determine the Amount at Risk by subtracting the Policy Value from the Death Benefit.
2. Divide the Amount at Risk by 1,000.
3. Multiply the result by the appropriate monthly cost of insurance rate to arrive at the Monthly Cost of Insurance.

In determining the Amount at Risk and the appropriate monthly cost of insurance rates, we first apply the Policy Value to the Initial Specified Amount. If the Policy Value exceeds the Initial Specified Amount, we will then apply the remaining Policy Value to any increases in the Specified Amount in the order of their occurrence. Any remaining Policy Value will then be applied to any additional Death Benefit caused by the application of the Death Benefit Ratio.

MONTHLY COST OF INSURANCE RATES - To determine the monthly cost of insurance rates, we will refer to our current monthly cost of insurance rate tables in effect for this Policy using the Insured's Age, sex, any rating, and Rate Class (as shown in the Policy Specifications Pages) and the duration from the Policy Date or from the date of any increase in Specified Amount. Different monthly cost of insurance rates may apply to increases in the Specified Amount following the Policy Date and any additional Death Benefit caused by the application of the Death Benefit Ratio. Monthly cost of insurance rates may be changed by us from time to time. A change in the monthly cost of insurance rates will apply to all persons of the same Age, sex, any rating, and Rate Class and whose policies or increases in the Specified Amount have been in effect for the same length of time. The rates will not exceed those shown in the Table of Guaranteed Maximum Monthly Cost of Insurance Rates using the Insured's Age, sex and Rate Class, adjusted for any rating.

POLICY CHARGE - The initial Policy Charge applicable to this Policy is shown in the Policy Specifications Pages. We may increase or decrease the Policy Charge, but we will never charge in excess of the Guaranteed Maximum Policy Charge. Any change in the Policy Charge will be applied uniformly to all members of the same Rate Class.

PER UNIT CHARGE - The initial Per Unit Charge applicable to this Policy is shown in the Policy Specifications Pages. We may increase or decrease the Per Unit Charge, but we will never charge in excess of the Guaranteed Maximum Per Unit Charge. Any change in the Per Unit Charge will be applied uniformly to all members of the same Rate Class. Different Per Unit Charges may apply to increases in the Specified Amount.

CHANGES IN RATES OR CHARGES - The Company has the right to change the Policy Charge, the Premium Expense Charge, the Per Unit Charge, and the Monthly Cost of Insurance Rates. The Company may not charge more than the guaranteed maximum charges or rates. Any changes to the Policy Charge, the Premium Expense Charge, the Per Unit Charge, or the Monthly Cost of Insurance Rates will be based on our expectations as to future cost factors. Such cost factors may include, but are not limited to, mortality, interest, persistency, expenses, reinsurance costs, and state and federal taxes. We will not change these charges or rates to recoup any prior losses.

INTEREST CREDITED TO THE BASIC INTEREST ACCOUNT - Each Basic Interest Account Segment will accumulate interest from its Beginning Date to its Ending Date at the Current Interest Rate in effect on the date the Segment is created or renewed. Interest is credited using the effective annual interest rate method. The Company sets Current Interest Rates from time to time at its discretion and different rates may apply to different Segments. The Current Interest Rate will never be less than the Basic Interest Account Guaranteed Minimum Interest Rate shown in the Policy Specifications Pages. You will only be informed in writing of Your Current Interest Rates when You receive the Annual Report. At any other time, You may contact our Administrative Office to obtain information on the Current Interest Rates in effect for this Policy.

INTEREST CREDITED TO THE INDEX ACCOUNTS - Each Index Account Segment will accumulate interest from its Beginning Date to its Ending Date at the Index Account Guaranteed Minimum Interest Rate shown in the Policy Specifications Pages. Interest is credited using the effective annual interest rate method. A Segment may also be credited with Excess Index Interest as of its Ending Date. For the purpose of calculating a Death Benefit, surrender, loan, or partial withdrawal as of a date before the Segment's Ending Date, the Segment's value will only include interest at the Index Account Guaranteed Minimum Interest Rate.

Excess Index Interest for an Index Account Segment as of its Ending Date is calculated as follows:

(a multiplied by b) minus c where:

a is: the Index Change

b is: the Segment's adjusted beginning value

c is: any interest previously credited to the Segment during the Segment Period at the Index Account Guaranteed Minimum Interest Rate.

The Segment's adjusted beginning value is determined as of the Segment's Beginning Date. We start with any value renewing from a prior Segment Period, after we have applied any Excess Index Interest for that period and deducted any Transfers from the Segment occurring at that time. Then we add any Net Premiums, loan repayments and Transfers applied to the Segment on its Beginning Date. Finally, we subtract the following activity occurring in the Segment during the Segment Period:

1. Any amounts deducted on account of partial withdrawals;
2. Any amounts transferred on account of Policy loans; and
3. One half of the amounts taken for Monthly Deductions.

The Excess Index Interest credited to an Index Account Segment will never be less than zero (0).

GLOBAL INDEX ACCOUNT - The Index Change for a Segment of the Global Index Account is calculated using the changes in the Index Values of Standard & Poor's 500® Composite Stock Price Index ("S&P 500"), Dow Jones Euro Stoxx 50® Price Index ("ES 50") and Hang Seng Index, excluding dividends.

For each Segment, we determine the Index Values for each of these Indexes as of the Beginning and Ending Dates. If the S&P 500 is published for the applicable date, we use the value for that date. Otherwise, we use the next published value. For each of the ES 50 and the Hang Seng Index, we use the value that is published on the next day after the applicable date on which both that Index and the S&P 500 are published.

The values we use are based on the following currencies:

S&P 500: United States Dollars

ES 50: Euros

Hang Seng Index: Hong Kong Dollars

The Index Change is calculated as follows:

$$\text{Segment Index Change} = 50\% \text{ of A} + 30\% \text{ of B} + 20\% \text{ of C}$$

Where: A = The percentage change in value of the S&P 500 or ES 50, whichever is more favorable to You

B = The percentage change in value of the S&P 500 or ES 50, whichever is less favorable to You

C = The percentage change in value of the Hang Seng Index

The A, B and C components may be positive or negative, but the Index Change for a Global Index Account Segment is adjusted so that it will neither exceed the Cap nor be less than 0%.

CAP - A Cap will be declared for each Index Account Segment on or before its Beginning Date and each renewal thereof. The Cap will never be less than the Basic Interest Account Current Interest Rate as of the Beginning Date and as of each renewal. The Cap may change upon the renewal of a Segment and may differ between Index Account Segments. Once a Cap is declared for an Index Account Segment, it applies until its next Ending Date. The Company sets each Cap at its discretion and You will only be informed in writing of Your current Caps when You receive the Annual Report. At any other time, You may contact our Administrative Office to obtain information on the Caps in effect for this Policy.

TRANSFERS -You may transfer amounts between Account Options. There is no charge to process Transfers. A Transfer from the Basic Interest Account is only allowed as of a Monthly Date. For Transfers from the Basic Interest Account, the amount will be transferred from the highest numbered Segment first, and then from the next highest numbered Segment(s), to the extent of their respective values. A Transfer from an Index Account Segment is only allowed as of the transferring Segment's Ending Date. You may not request more than one (1) Transfer from the same Account Option in a Policy Month. A Transfer will be made to an Account Option's Segment that begins as of the next Monthly Date following receipt of Your request in our Administrative Office. Transfers may not be made between Segments of the same Account Option.

POLICY LOANS

POLICY LOANS - After the first Policy Year and while this Policy is In Force, You may borrow against this Policy an amount which is not greater than 90% of the Cash Surrender Value minus loan interest that will accrue prior to the next Policy Anniversary. This Policy will be the sole security for the loan. We may require a minimum loan amount of \$500.00. The loan date will be the date we process the loan request.

A Policy that becomes overloaned will enter the Grace Period and may Lapse. Your Policy will become overloaned when the Indebtedness equals or exceeds the Policy Value minus the surrender charge.

When a loan is made, an amount equal to the loan will be transferred from the Account Options to a Loan Reserve. We will credit the amount in the Loan Reserve with interest at an effective annual interest rate shown in the Policy Specifications Pages. You may specify the Account Option(s) from which the amount of the loan will be transferred. If the values of the specified Account Option(s) are insufficient or no Account Option is specified, the amount of the loan will be transferred on a pro-rata basis according to the unloaned Policy Value in each remaining Account Option. Under each Account Option, the amount will be transferred from the highest numbered Segment first, and then from the next highest numbered Segment(s), to the extent of their respective values.

REPAYMENT OF LOANS - While this Policy is In Force, any loan may be repaid. You may specify the Account Option(s) to which the loan repayment will be applied. If no Account Option is specified, the loan repayment will be applied on a pro-rata basis according to the current premium allocation instructions. You must clearly identify the payment as a loan repayment or it will be treated as a premium.

INTEREST ON LOANS - On each Policy Anniversary, we charge interest on each Policy loan. Interest not paid when due will be treated as a new loan and we will charge interest on it up to the maximum Policy loan interest rate. Loan interest rates are stated on an annual basis. The loan interest rates we charge as of the Policy Date are shown in the Policy Specifications Pages. The interest rate is guaranteed not to exceed the maximum standard loan interest rate. From time to time, we may declare various lower Policy loan interest rates. We may also apply different loan interest rates to different parts of the loan.

After the tenth Policy Year, we will from time to time declare an interest rate that we will charge on preferred loans. This rate will not exceed the maximum preferred loan interest rate shown in the Policy Specifications Pages. We will determine the amount eligible for a preferred loan by subtracting the total premiums paid (less withdrawals) from the unloaned Policy Value.

NONFORFEITURE OPTIONS

CASH SURRENDER VALUE - You may surrender this Policy for its Cash Surrender Value which may be paid in a lump sum or under a Settlement Option. The Cash Surrender Value is determined as follows:

1. The Policy Value; minus
2. The surrender charge, if any; minus
3. Any Indebtedness.

If You surrender this Policy within thirty (30) days after a Policy Anniversary, the Cash Surrender Value will not be less than the Cash Surrender Value on that Policy Anniversary less any Indebtedness or partial withdrawals occurring on or after that Policy Anniversary. A surrender that occurs between a Segment's Beginning and Ending Dates will not be eligible for any portion of the Excess Index Interest that might otherwise have been payable on the Ending Date had the surrender not occurred.

We may require that this Policy be sent in with Your request. We may defer payment of the Cash Surrender Value for not more than six (6) months.

When You surrender this Policy for its Cash Surrender Value, this Policy will terminate.

SURRENDER CHARGE - The Surrender Charges Per \$1,000.00 of Initial Specified Amount are shown in the Policy Specifications Pages.

If an increase in the Specified Amount is requested and approved, additional surrender charges will apply to this Policy. These additional surrender charges are shown in the Surrender Charge Per \$1,000.00 of Increase in Specified Amount tables. They are listed by the Insured's Age and sex at the time of the increase and by duration from the time of the increase.

REDUCED PAID-UP INSURANCE - If You elect in writing, we will use the Cash Surrender Value to provide nonparticipating paid-up endowment at Age 120 insurance, payable under the same conditions as this Policy. We will determine the amount of the Reduced Paid-Up Insurance using the net single premium rate for the Insured's Age for an amount equal to or less than the then current Specified Amount of this Policy.

If there is any excess Cash Surrender Value remaining after the paid-up endowment insurance becomes effective, such excess will be returned to You.

If the paid-up endowment insurance is surrendered for its Cash Surrender Value within thirty (30) days after an anniversary of the paid-up endowment insurance, its Cash Surrender Value will be equal to the Cash Surrender Value on that anniversary. Its Cash Surrender Value will be determined by multiplying the Endowment at Age 120 net single premium at the Insured's then attained Age by the amount of Reduced Paid-Up Insurance.

BASIS USED FOR CALCULATION - Reserves for this Policy are not less than the required minimum reserves and shall never be less than the Cash Surrender Value.

All of the values of this Policy are equal to or greater than the minimums set by the laws of the state where the Policy is delivered. If required, we have filed a statement about this with Your state insurance department.

PAYMENT OF PROCEEDS

POLICY PROCEEDS - The amount of the Net Death Benefit payable upon the death of the Insured or the amount of the Cash Surrender Value payable upon surrender of this Policy.

LUMP SUM PAYMENT - We will pay the Policy proceeds in a lump sum payment, unless a settlement option is elected.

SETTLEMENT OPTIONS - During the Insured's lifetime, you may request that we pay the Policy proceeds under one of the following settlement options. We will also use any other method of payment that is agreeable to You and us. After the Insured's death, a Beneficiary may elect to receive such Beneficiary's share of the Net Death Benefit under a settlement option. However, You may provide that the Beneficiary will not be permitted to change the settlement option You have selected. If a settlement option is requested, we will prepare an agreement to be signed which will state the terms and conditions under which the payments will be made. This agreement will include a statement regarding the withdrawal value, if any, and to whom any remaining proceeds will be paid following the death of the person receiving the payments.

OPTION 1 - Interest Payments -

(Payment of interest on the Policy proceeds at such times and for such period as is agreeable to You and us.) During the period, withdrawals of remaining proceeds may be made in amounts of at least \$100.00. At the end of the period, any remaining proceeds will be paid in either a single sum or under any other method we approve.

OPTION 2 - Payments for a Specified Period -

(Monthly payments for a specified number of years.) The amount of each monthly payment for each \$1,000.00 of proceeds applied under this option is shown in the Option 2 Table. The monthly payments for any period not shown will be furnished upon request.

Payments can be guaranteed for ten (10) or twenty (20) years, or until an amount equal to the Policy proceeds has been paid. The amount of each monthly payment for each \$1,000.00 of proceeds applied under this option is shown in the Option 3 Table. The monthly payments for any ages not shown will be furnished upon request.
